EXAMINER'S COMMENTS & STATEMENT OF REASONS FOR ALLOWANCE

Information Disclosure Statement

1. The Information Disclosure Statement filed 10 August 2007 contains a duplicate citation of previously cited DE 9013620. In order to avoid duplicate publication of the citation in any future patent publication, the citation has been lined through.

Election/Restrictions

2. In accordance with 37 CFR 1.141 and as noted in the restriction of 12 January 2007, since the generic claims 1 and 20 are allowable, non-elected dependent species claims 9 and 29, respectively, are rejoined and fully considered on the merits.

Allowable Subject Matter

- 3. Claims 1, 5, 7, 9, 13-15, 20, 22-24, 28-29 & 35-36 are allowed.
- 4. The following is a statement of reasons for allowance: The closest prior art of record, DE 20302572 to HANSEN, U.S. Patent No. 7,082,783 to UIHLEIN & U.S. Patent No. 4,993,786 to DE GIULIO, fail to teach each and every limitation of the instant invention. Specifically, HANSEN discloses a laundry appliance with shelf support. UIHLEIN discloses a support with slidable shelf/drawer combination. DE GIULIO discloses a slidable shelf with recessed cover. However, the cited references fail to teach or reasonably suggest the claimed invention of a laundry appliance with slidable drawer and shelf wherein the shelf is horizontally slidable above the drawer to

open/close the drawer and provide support below the appliance for a laundry basket (claim 1) or a support for a laundry appliance wherein the support includes said drawer/shelf arrangement having a recessed compartment in the shelf with an openable cover (claims 20 & 35). For at least the foregoing reasons, claims 1, 5, 7, 9, 13-15, 20, 22-24, 28-29 & 35-36 are believed to recite patentable subject matter.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph L. Perrin, Ph.D. whose telephone number is (571)272-1305. The examiner can normally be reached on M-F 7:00-4:30, except alternate Fridays.
